UNANIMOUSLY RESOLVED: that Hebden Royd Town Council is an active member of the Hiroshima and Nagasaki-led organisation Mayors for

Peace; which have been working for almost four decades to promote multilateral nuclear disarmament.

Mayors for Peace work with the International Campaign to Abolish Nuclear Weapons (ICAN), which received the Nobel Peace Prize for its work in encouraging over two thirds of United Nations members to agree to the International Treaty to Prohibit Nuclear Weapons (TPNW).

Hebden Royd Town Council supports ICAN's new 'Cities Appeal' which urges Councils to formally support the TPNW. It has already been signed by a number of important global cities likes Hiroshima, Nagasaki, Sydney, Melbourne, Washington DC, Los Angeles, Geneva, Mainz, Trondheim, Zaragoza and in the UK, Manchester and Renfrewshire.

In supporting the Cities Appeal, Hebden Royd Town Council is deeply concerned about the grave threat that nuclear weapons pose to communities throughout the world. We firmly believe that our residents have the right to live in a world free from this threat. Any use of nuclear weapons, whether deliberate or accidental, would have catastrophic, far-reaching and long-lasting consequences for people and the environment. Therefore, we warmly welcome the adoption of the Treaty on the Prohibition of Nuclear Weapons by the United Nations in 2017, and we call on the UK Government to join it.

Council instructs the Town Clerk to write to the UK Government to inform them of this resolution and urge them to take account of it."
