**4. PRESENTATION – Cllr Dr Carol Stow**

**YOUR OBEDIENT SERVANT: What does a town mayor do and what has the Hebden Royd town mayor 2018-19 been doing?**

Cllr Dr Carol Stow shared with the gathered crowd her activities since her election in May 2018. She explained the ceremonial role undertaken by her as town mayor, recalling stories and experiences of interest along with anecdotes and stories. The town mayor also advised on her more formal role as chair of the town council and the fund raising that had taken place during the year.

**5. ANY OTHER TOWN BUSINESS**

Lesley McKay asked that the town council consider and look to improve the quality of air in the parish. She suggested three ways in which this could be achieved:

- Reduce the number of vehicle that remain switched on when passengers are popping into shop/stores or local services.
- Campaign to encourage parents to walk to school with their children.
- Earn a reputation as an area where we strive to improve air quality.

The Corridor Improvement Programme while welcomed will lead to increased vehicle speeds as vehicles move towards settlements. Lesley is keen to see physical, noticeable changes to the environment around roads to identify the change to a settlement. Giving the townships' identity i.e. Welcome Signs would hopefully encourage a reduction in speed.

Lesley also asked that we look to provide covered recreational facilities for use in the winter time for young people.

Graham Mynott asked that the town council engage with the soon to be launched Active Calderdale Campaign.

Meeting closed at 8.10pm
